Making the Right Choice

At Care Partners and Country Terrace, the foundation of our program is based on our theory that the quality of life for a person can be significantly improved by creating an environment that allows individuals daily life choices. We believe that proper training, ongoing education, and specialty enhancement programming are the key ingredients to ensuring excellence in care.

Our main goal is to ensure that our residents and their loved ones can see the difference in the care received. We operate with the same philosophy throughout all of our facilities, namely, the provision of quality care with a "Family" touch.

The choice to plan now is yours, but only with proper planning will the choice remain yours.

compassion

Care Partners and Country Terrace – a familiar place close to family and friends... a place where dignity and respect prevail... a place that is more than care, it's "family."

Our Care Options

Assisted Living

Your loved one can enjoy our catered senior living lifestyle. Our caring staff are highly trained in the art of exemplary service and complete customer satisfaction. Many individuals do not require a nursing home – they just need a facility that can maximize their independence through personalized care.

Dementia Care

Special care units are designed with memory impairment in mind. Our specialized staff provide therapeutic programming to promote the best quality of life for individuals suffering from dementia.

Respite Care

Ideal for people recovering from surgery, a fall, an illness or when family members are away on business or vacation, Respite Care provides accommodations for persons needing temporary services.

The foundation of our programming is based on the equation that quality of staff plus quality training equals quality of life.

kindness

Care Partners and Country Terrace understands the importance of custom service and the comforts of “home.”
